Not Renewed: A state trademark record receives a status of "Not Renewed" when the deadline to renew the trademark has passed and the applicable state trademark office has not sent a notice of renewal.

+ Indicates that our trademark database for this state contains images, packaging samples and specimens of use filed with trademark applications.

* Because of the manual nature of data collection for Puerto Rico, we are unable to guarantee that all records through the coverage date are included.

Data Information

Our Analysts search against the top search engines to find and report examples of potentially conflicting marks, and include snapshots and links to the Web page(s) on which the reference was found.

Your Web Common Law report may also include a focused search against targeted industry websites, chosen to enhance the web coverage for your specific goods and services.

Important Notices

Due to the dynamic nature of the Web, citations may become available or unavailable at any time. The search results included in this section are a sampling of the information available at the time of the preparation of this search report, and are not a comprehensive representation of all Web sites. Any of the citations included in your search report may become unavailable at any time following the preparation of this report. Additionally, please be aware that we do not filter Web content, which makes it possible that your Web Common Law citation may include objectionable material.

KDZ Bruxer

Get Your Brux in a Row

KDZ Bruxer from Keating Dental Arts

KDZ Bruxer delivers exceptional strength and esthetics in an all-ceramic package.

Developed by Keating Dental Arts, the KDZ Bruxer was added to the laboratory's existing family of zirconia-based products. An all-ceramic solution, the KDZ Bruxer is a strong, esthetic alternative to full-cast gold that offers the same precise fit and biocompatibility users would expect from a high noble alloy.

Thanks to Keating's advanced CAD/CAM design and fabrication process, the fit is extremely precise and reliable. The margins are very crisp and many clinicians comment on the lack of interproximal and occlusal adjustments on their cases. Besides exhibiting extraordinary strength (1,250 MPa), the KDZ Bruxer's hand-finished esthetics set this monolithic restoration apart from other options. After being contoured, stained and glazed by an expert ceramist, the KDZ Bruxer blends beautifully with the patient's natural dentition, which cosmetically-minded dentists will appreciate.

The KDZ Bruxer is also extremely biocompatible and provides a reliable safeguard against allergic reaction or metal sensitivity. —Bob Alaburda

Essix C+® Plastic - .040" (1mm) Thickness - 125mm Circle

The Retention Option for Bruxers

When making retainers and aligners for bruxers, a more flexible plastic provides extra strength to help withstand mastication pressure. Clear retainers made from Essix C+® Plastic are an esthetically pleasing option for bruxers who want to avoid wearing a retainer with a metal border.

- Average life: 24 months
- Contact clarity
- Also use for tooth movement aligners with bruxers and bite planes
- Not for use with acrylics/bonding agents
- Store in a cool, dry place
- Latex and BPA free
- Box of 100

Patent #5,892,894

Please Note: The section below appears further down on the actual Web site.

porcelain. All ceramic crowns provide a metal-free option that is more aesthetic with a number of benefits.

By eliminating the need for the accommodating metal core, an aesthetic **all-ceramic crown** can be created with a thinner material. This option makes them a treatment choice that is more popular in areas with a limited amount of space. Additionally, getting rid of the metal core allows for small transmission through the porcelain for better optical, life-like properties and a higher level of aesthetics which means a more natural looking smile for you!

With the latest technology, all ceramic crowns can even be placed on back teeth and in patients who grind **Cited Term** additionally, all ceramic crowns could not be placed on back teeth due to lack of durability.

At Cosmetic Dentistry of San Antonio we offer the latest in technology including a patented crown called a "Bruxer" crown (Bruxism is the habitual grinding of teeth, typically during sleep and a Bruxer is a person who does this). This is an all ceramic, natural looking crown that can be placed on back teeth. This eliminates the problem of porcelain chipping off and showing unsightly metal underneath that occurs with traditional metal core crowns.

ANALYST REVIEW – INTERNET DOMAIN NAME REPORT

Search Information

Type of Search: **U.S. Full Search**
Mark: **BRUXER**
Goods/Services: **DENTAL IMPLANTS; DENTAL IMPLEMENTS; ORAL CARE PRODUCTS; DENTAL AND ORTHODONTIC GOODS; DENTAL AND ORTHODONTIC SERVICES**

Important Notices

Due to the constantly changing nature of the Internet, and the reasons detailed below, it is possible that the status of domain names may change between the time this report is generated and the time you receive this report. Therefore, we strongly recommend that you conduct additional domain name searching before attempting to register a domain name or forming a final opinion on the availability of a trademark or domain name.

- * The dynamic nature of the Web allows for the registration of new domain names virtually continuously, 24 hours a day.
- * All steps are taken to ensure the completeness and accuracy of our database. However, due to registrar/registry administrative procedures during domain name registration, some domain names may not be present in our database.
- * Domain name registrars do not report domain names which are not currently registered, nor do they report domain names which may be "on hold" with the registrar.
- * All domain names cited in this report should be considered to be REGISTERED as of the time this report was generated.
- * For common names, retrieval may be limited to the identical spelling of the name as ordered.

Due to the nature of the Web, and because we do not filter Web content, it is possible that the Web Page Lookups included in this report may contain objectionable material. If you wish to avoid the possibility of receiving such material, please contact us to "opt out" of Web Page Lookups.

Data Information

This report is the result of a computerized search of our database of top-level domain names. Our database is regularly updated with domain name data from all ICANN-accredited registrars and covers the following suffixes:

.aero – air transport industry
.asia – Asian businesses and individuals
.biz – business
.cat – Catalan language/culture
.com – commercial
.coop – for cooperatives
*.edu – educational institution
**.gov – U.S. Government agency
.info – information
.jobs – human resource management
.mobi – content designed for mobile devices
.name – for individuals and personalities
.net – network
.org – non-profit organization
.pro – for credentialed professionals
.tel – telephone/communications
.travel – travel agents, airlines, hoteliers, tourism bureaus, etc.
.us – country code for the United States
.xxx – adult

This report covers domain names updated to our database as of the following date: **OCT 10, 2012**

* The United States Department of Commerce no longer allows collection of the .edu domain names. Some records remain and may be cited from collections done prior to this restriction.

** The General Services Administration (GSA) no longer allows collection of the .gov domain names. Some records remain and may be cited from collections done prior to this restriction.

Welcome to brucker.net

This domain is available for a personalized email address.

This domain is part of an exclusive collection of "shared" personal names that allows multiple users to have simple, memorable email addresses, such as `you@brucker.net`, all sharing the same domain name.

Is your name available?

Personalized email address starting from only

\$35 / year

Why do I need a personalized email address?

It better represents you. It's easier to communicate. You never need to change it. Plus, you can use it with whatever email program you prefer. We can help.

Description: Broxers.com - Home of newly designed combination of briefs and boxers - BROXERS.
Status: Accessible

BRUXER

Built on PageZa

Call 312.543.6332

Oddly unattractive given the level of comfort associated... the *brief*.

Modest, versatile design with ineffective support... the *boxer*.

Providing an appropriate level of support for shorts... introducing the *BRC*.

About broxers

BROXERS provide comfort and support in the most widely-anticipated design known to modern man. Combining the best features of the brief and the boxer, BROXERS will revolutionize the men's undergarment industry.

Patent pending.

REPORTED OWNER INDEX

The following is an alphabetical listing of names reported in the OWNER field of records cited in this search report, with all marks owned by a single entity carried under that entity. (Due to inconsistent spellings, corporate designations, and other discrepancies in data collected from diverse sources, multiple listings of what are in fact the same owner may occur.) The Business Name and Domain Name sections of the report are not included in this index.

This tool is designed to facilitate your review of the search report and to help you identify trends in data. There has been no analysis made to determine if the company name listed is the actual owner of the trademark. In the case of USPTO listings, only officially reported owners are included; assignees are not considered owners for the purpose of this index.
